FollowMyHealth

*features vary among organizations and providers

You are prompted to make a connection to an existing organization. The patients registered FMH zipcode will default in the search field by default; thus showing all near by FMH participants. Either 'Skip this Step' or click 'Connect' next to an organization.

Notice: By making a connection to one org, the patient is automatically connected to all orgs. Click 'Next'.

Request Connections to Healthcare Organizations

Requesting a connection informs your healthcare provider that you would like your medical information to be made available online through FollowMyHealth.

If your healthcare provider is a participant in FollowMyHealth, they will display in the search results below. Use the Search Box to locate available connections by entering your zip code, provider, or healthcare organization. (We have started the process for you by entering your zip code.)

To use FollowMyHealth without adding connections, please click the "Skip This Step" button.

Please note that response times to your connection requests may vary by organizations or providers.
